Dennise –

The event at Galena Manor event will be Q&A from the community following an introduction from the local civic club. In addition to the folks confirmed below we have asked you and EPA to send representatives.

The Congresswoman's Town Hall at Milby Highschool will open with Congresswoman Garcia making short remarks and then asking each agency represented to explain (in about 7 min) their role in the immediate disaster response, the ongoing clean up and any longer term investigations. We anticipate that this will take 45min and then we will open it up to community questions moderated by the Congresswoman for another 45min. In addition to those already confirmed we have also invited TCEQ, EPA, and Coast Guard.

Thanks,
Pat
